# The Little League Pledge

I trust in God
I love my country and will respect its laws
I will play fair and strive to win
But win or lose, I will always do my best

# The Little League Parent & Volunteer Pledge

I will teach all children to play fair and do their best.

I will positively support all managers, coaches, and players. I will respect the decisions of the umpires. I will praise a good effort despite the outcome of the game.

# West End Little League Objectives

The objective of the West End Little League is to promote the ideals of honesty, loyalty, trust, good sportsmanship, fair play, and respect for authority, in order to help our children, prepare for adulthood.

These objectives are accomplished by stressing several important positive factors in the coaching process, while avoiding the tendency of "playing your better

players only" and "winning above all else".

# League Contact Information

League Website: www.westendlittleleague.org

**League Mailing Address:** 

PO BOX 1051 Effort, PA 18330

# How to contact any member of the Board of Directors

Our contact information is always available to you on our website: click on "About Us" and "Board of Directors" to find the person you need. The website will always display the most up-to-date contact information.

At the beginning of season, please check to make sure you know who you should contact regarding any issue/concern that may arise (e.g., Player Rep, Safety Officer, Equipment Manager, etc.).

Please use the space below to record any numbers or email information pertinent to your season: .

West End Little League Covid-19 Safety Plan

Community youth sports activities require unique consideration during the COVID-19 pandemic. After reviewing the COVID-19 Prevention Checklist for Community Sports provided The Center for Disease Control (CDC) as well as guidance by the State of Pennsylvania and after carefully studying and discussing the multiple challenges to effective prevention strategies presented by playing

games of baseball and softball ,the Board of Directors for West End Little League has developed the following Covid 19 specific Safety Plan.

West End Little league has and will continue to follow all CDC, Pennsylvania and local guidelines to ensure safety for Players, Coaches and Spectators. We will monitor for any guideline changes and adapt any policies as needed in order to be in compliance and maintain Safety as our primary focus.

# Safety Manual & Equipment Requirement

All volunteers must have a printed copy of this manual. You will be given one printed copy. Additional copies are available on the league website: <a href="https://www.westendlittleleague.org">www.westendlittleleague.org</a>.

The first aid kit and this manual are part of your team equipment package. YOU MUST HAVE THESE WITH YOU AT ALL TEAM PRACTICES AND GAMES. To replenish materials used in the kit, the team manager or coach should contact the league safety officer.

# Dial 911 for all Emergencies!

# West End Little League Code of Conduct & Standards

- Zero tolerance policy regarding alcohol & tobacco. There is positively no alcohol consumption or tobacco use (smoking, smokeless, chew, snuff, or vaping) allowed anywhere within/during any WELL functions. This includes, but is not limited to, dugouts, bleachers, fields, woods, playgrounds, parking lots, and outside of your vehicle.
- No profanity will be tolerated.
- No one should ever speak disrespectfully to any manager, coach, umpire, player or spectator. Your signed code of conduct will be enforced. No teams shall practice or take the field at any time unless a league approved Manager and/or Coach is present.
- Only League APPROVED managers, coaches, players and umpires are allowed on the playing field or in/around the dugouts. No parents, siblings, volunteer score keepers, or pitch counters are allowed in/around dugouts.
- All players not actively engaged on the field during a game must remain in the dugout area.
- No swinging bats or throwing balls in any spectator area or parking lot of any WELL function.
- Catchers must use/wear full gear. This includes while warming up with a pitcher, and in batting practice sessions. Full gear includes: Face mask helmet with dangling throat guard, chest protector, shin guards, & safety cup.
- Pitching "L" screens are required at the Majors level for all batting practice. This includes practices and pre-game batting practice. If any damage occurs to the screens, please contact either the league Equipment Manager or the league Safety Officer.
- No throwing balls against any dugout, fence, or backstop.
- No throwing rocks.
- No climbing fences.
- Only a player on the field in an "at bat" position may swing a bat. There is no "on deck" batter in any age group of 5-12 BB or SB. \* Note: for Seniors BB or SB 13-years and up, "on deck" batters are allowed
- Players and spectators should always be alert for foul halls and errant

throws.

- All gates to the fields and playing areas must be kept closed. After players enter/leave playing fields, gates should be properly closed and secured. After each game, each team is expected to clean up their dugout and spectator areas. Team areas are expected to be free of all trash, bottles, snacks, and such. Trash receptacles must be emptied after each game. Speed limit is 5 mph in driveways and parking lots while attending any WELL function. Please watch for small children around parked cars. Use crosswalks when crossing any roadways.
- Children not on the field as a team member in any play area or attending any game, must be supervised by a responsible adult. At no time should a child be left unattended. Coaching staff cannot supervise any children other than those of their team
- No children should play in any parking area.
- No playing on any lawn equipment or around any sheds. No pets are allowed on or in any WELL function or property. Failure to comply with the League Code of Conduct & Standards, the

Manager & Coach Code of Conduct, or the Parent Code of Conduct may result in expulsion from the West End Little League field or function as well as future events or games.

# **Concession Stand Safety**

# **Food Handlers**

Vermin

- Food handlers should thoroughly wash hands for 30 seconds with soap and warm water after potential contamination events.
- Potential contamination events include going to the bathroom, sneezing or coughing, touching face, eating or taking a break, touching contaminated surfaces or utensils, touching uncooked meat, touching cash register, answering phone, dumping the garbage, touching pets, changing diapers, etc.
- Gloves are recommended as an additional barrier but don't take the place of frequent hand washings. Gloves should be changed at every hand washing and when they are soiled or contaminated.
- Use of hand sanitizers can supplement hand washings. Food handlers must not have symptoms of disease (coughing, sneezing, sniffling, fever, nausea, vomiting, diarrhea, etc.) or open wounds when handling food.
- Proper clothing includes clean outer garments and hats / hairnets. Food handlers should not touch ready to eat foods with bare hands and should instead use an appropriate utensil, gloves, or deli paper. Always use a scooper instead of bare hands to dispense ice for drinks. Insects And
  - Insects and vermin such as flies, cockroaches, rats, and mice can transmit

disease when they come in contact with food.

- Flies that land in feces and then land on food can also transmit disease even though this is not common.
- All food should be stored off the floor.
- All unused food should be disposed of both during the event and after the event to eliminate unwanted pests.
- Food preparation surfaces should be constantly cleaned and wiped down to discourage insects.
- Keep food covered to protect against insects.
- Keep a tight lid on the trash to keep out insects.
- Dispose of wastewater in an approved method instead of dumping outside the concession stand.
- Store pesticides away from foods.

# **Refrigeration and Freezing**

- Foods that require refrigeration must be cooled and held to 40 degrees F or lower until ready to serve.
- Use a thermometer in your refrigerator and freezer and make sure that your freezer runs at 40 degrees F and your freezer at 0 degrees F.
- Quick cooling involves the use of an ice bath (60% ice, 40% water) or the use of shallow refrigeration trays no more than 4 inches in depth. Always marinate meat, poultry, and fish in a refrigerator and not on a counter.
- Always thaw food in the refrigerator or microwave prior to cooking.
   Otherwise, the outer layers are subject to bacterial growth before the inside thaws.
- Freeze fresh meat, poultry, or fish immediately if you can't use it within a few days.
- Never leave perishable food out of the refrigerator for more than two hours.

# **Cooking to Proper Temperatures**

- All potentially hazardous foods should be properly cooked and held at an internal temperature of 140 degrees F and above.
- USDA cooking temperature recommendations: ground beef, pork, and egg dishes (160 degrees F), poultry (165 degrees F), and steaks, roast, beef, veal, lamb, chops, and fish (145 degrees F)
- When cooking meat, you can't rely on the color of the meat as an accurate gauge of temperature.
- Always use an "instant read" food thermometer to determine the temperature of foods for cooking and holding temperatures. When cooking, use the

- thermometer in thickest part of meat. Be sure to wash the thermometer with hot, soapy water between uses.
- Never partially pre cook meat, poultry, and fish and then wait until final grilling.
- Instead, always immediately grill after pre cooking If meats and poultry are completely cooked ahead of time and then chilled, it's OK to put them on grill for reheating.

# **Microwave Cooking Instructions**

- Microwaves often leave cold spots in hazardous foods where bacteria can survive.
- Cover hazardous foods with a lid or plastic wrap so that steam can be retained to assist in cooking.
- Stir and rotate for even cooking.
- Always observe the standing time on microwave directions as food finishes cooking during this time.
- Use an "instant read" food thermometer and make sure food is heated appropriately to USDA recommendations.

# Reheating

- Quickly reheat potentially hazardous foods to 165 degrees F. Avoid using show cook devices such as crock pots or steam tables as they may activate bacteria and may never reach 165 degrees F.
- Use Disposable Containers, Utensils, Napkins
- Disposable knives, forks, spoons, plates, and napkins should be used to cut down on cleaning and contamination.
- Disposable products should not be cleaned and reused.

# **Cleaning and Sanitation**

- Always use plastic cutting boards instead of wood cutting boards, as wood cutting boards tend to hold bacteria.
- Use disposable utensils for food service whenever possible. When washing pots, platters, containers, utensils, etc. always use the four-stage process of washing in hot soapy water, rinsing in clean water, chemical or heat sanitizing, and air-drying.
- Frequently sanitize and wipe down all food preparation surfaces, refrigerators, freezers, coolers, and other concession equipment. Wiping cloths should be stored in chemical solution buckets with an appropriate ratio of bleach to water such as 1/2 teaspoon to one gallon of water.

- Frequently wash and replace all sponges, towels, wiping cloths.
- Frequently dump garbage and sweep or vacuum floors.

# Separating

- Never use unclean food preparation utensils for serving food. Place raw meat, poultry, or fish on a plate before refrigerating to make sure that juices don't leak and contaminate other food.
- Never commingle ice to cool drinks with ice to be served.

# **Sport Parent Code of Conduct**

We the **West End** Little I capte, have implemented the following Spect threat Cade of Candida for the important message it holds about the proper tole of parents in supporting their child in spans. Parents should read, understand and sign this form prior to their children quartiparing in our league.

Any paneot guilty of improper conduct at any game or practice will be asked to leave the sports facility and be suspended from the following game. Repeat violations trany cause a multiple game suspension, or the season forficions of the privalege of attenting all games.

#### Presemble

The executed elements of character habiting and others in speak are embedied in the concept of sportunanchip and the one principles:

- \* Prustworthiness.
- "ROSENT.
- \* Responsability,
- e l'airneas,
- · Caring, and
- \* Gogel Citizenship.

The highest precribel of sports is achieved when compelition tellects those "ria pillars of character."

#### l therefore veres:

- f, I will not love my child to participate in specie.
- I will remember that children participate to have for and that the game is for poster, not adoles.
- I will inform the create of any physical disability or ailment that may affect the safety of my child or the safety of others.
- 4. I will learn the rules of the game and the policies of the league.
- 5. I (and my guests) will be a positive role model for my child and encourage spectamentalip by showing respect and coursesy, and by demonstrating positive augment for all players, conclus, afficials and spectalists at every game, practice or taker specting event.
- h i fund my greated will not engage in any kind of magantamantike conduct with any official, court, playen, or posent such as busing and touning: coloring to thake hands; or using protein imagings or geomes.

- I will not encourage any hebaviors or practices that would endonger the health and well being at the address.
- 8. I will teach my child to play by the rules and to reside conflicts without resulting to bugglify as violates.
- I will demand that my child treat rather players, enaches, difficials and speciators with respect regardless of mee, creed, color, sea or shills.
- 100. I will teach my child that doing one's best is more important than winning, so that my child will never feel defeated by the outcome of a game or biolist perturnance.
- 14. I will praise my child for competing fairly and trying head, and make my child feel like a winner every time.
- I will report richerly or gett in my child or rebor peatherpants for making a middle or heding a competition.
- 13. I will emphasize skill development and practices and how they benefit my child over winning 1 will also de-ruphusize games and composition in the lower age groups.
- 14. I will promove the constitutal and physical well-being of the achieves ahead of any personal desire I may have for my child to win.
- 15. I will respect the officials and their authority during games and well never question, discuss, or conform conclused the game field, and will take time to speak with conclus at an agreed upon time and place.
- 16. I will demand a sports environment for my could man to free from drugs, tobacca, and alcohol and I will refer from their use in all sports events.
- 17. I will relatin from coaching my child as other players during games and practices, onless I am one of the official coaches of the peam.

Parent Charlian Signature

"Next year it won't matter who struck out, who dropped a fly ball, who hit a home run or how many wins and losses your Little League team had. But the world will be a better place if you make a difference in a child's life."

I, the undersigned, do hereby agree that being appointed a West End Little League Manager or Coach, requires that I conduct myself in a most respectful and positive manner. I understand that as manager/coach I am a role model for my players as well as my opponent's players.

I will at all times be fair and respectful to all of the PLAYERS, PARENTS, UMPIRES, MEMBERS OF THE LEAGUE and fellow managers/coaches.

As a manager/coach I will read and understand the current season rule book so that I may have a better understanding and knowledge of Little League rules, thus allowing me to teach all players the correct rules of the game.

I understand that if I should lose my temper causing me to yell or act in a negative manner toward any player, parent, umpires, members of the league and fellow managers and coaches, I shall be immediately suspended from the next game. If I should repeat the offense, I shall be asked to present myself before the Board of Directors at which time a hearing will take place to determine the next course of action. I also understand that if I knowingly break any safety regulation I will be given a warning for the first offense, if there is a second offense I will be called before the Board of Directors to determine the next course of action.

I understand that as manager/coach I am expected to treat every child with dignity and respect. I am a teacher of the sport of softball/baseball.

I understand that as manager/coach the rewards I will receive will be in the eyes of the players and NOT in the number of games won.

# West End Little League Manager Responsibilities

Managers for the current season must be recommended by the division player representative, nominated by the President for board approval, and approved by the board of directors with a majority in-favor vote. Managers are directly responsible for the team and the coach's actions on the playing field. Managers represent the

team in all communications with the umpire and the opposing team.

Managers have the following responsibilities:

- Attend the Safety/Fundamentals Training.
- Successfully complete Heads-Up Concussion Training & submit your certificate to the League Safety Officer. This is to be done every league year. A manager is responsible for the team's conduct. Follow and enforce all official rules. Give deference to the umpire.
- A manager is responsible for the safety of his/her players, coaches, and spectators.
- A manager is responsible for the actions of his/her assistant coaches. The manager shall act as liaison between the player agent/rep of their respective division, coaches, and parents, keeping everyone informed of pertinent information and dates.
- The manager will have in his/her possession at every WELL function, game, & practice, his/her Safety manual, first aid kit, and league supplied equipment. If any manager is unable to attend a practice or game, it is his/her responsibility to see that the assistant coach has the above items.
- The board of directors highly encourages all managers to attend at least 6 league meetings per year.

# West End Little League Coach Responsibilities

Coaches must adhere to all rules of Little League and the By-Laws that govern the West End Little League without exception. Coaches for the current season must be recommended by the division player representative, nominated by the President for board approval, and approved by the board of directors with a majority in-favor vote. The responsibilities of a coach are numerous. To be a successful coach, you must follow these responsibilities. These responsibilities include, but are not limited to, the following:

- Attend the Safety/Fundamentals Training.
- Successfully complete Heads-Up Concussion Training & submit your certificate to the League Safety Officer. This is to be completed every league year
- Understand and communicate effectively with the age group that
  you are coaching.
   Set an example of respect for your players by
  displaying proper conduct in dealing with opposing coaches,
  umpires, and parents.

- Demonstrate mutual respect for everyone.
- Do not argue, discuss, or criticize any judgment calls by the umpire; any perceived incorrect rule call should be discussed privately between the Manager and Umpire; however, the decision of the umpire is final.
- Account for all uniforms and equipment (to include first aid kit). All equipment must be collected and returned at the end of season. ●
  Account for each player on your team, and those present at each event or game. Know where your players are. Be sure each player secures a way home with their parent or guardian before you leave the field.
  Never leave a player unattended on a field for any reason. Report to their player rep as required and stated by each rep prior to season start.
  This includes, but is not limited to reporting game statistics, pitching counts, etc.
- The board of directors highly encourages all coaches to attend at least 6 league meetings per year.
- Teach your players how to play by conveying your knowledge to them. Instill in your players the desire to improve their skills and how to win. Teach your players respect and to display good sportsmanship in winning and losing. Coaching is teaching.
- Make each season challenging and fun. Provide a learning experience for each child. The true measure of your coaching abilities is not the number of wins and losses, but the positive impact you have on your players' development.

# **Information on Concussions**

All Managers, Coaches, Umpires, and Team Parents/Helpers must successfully complete the Center for Disease Control Heads-Up Concussion Training. This training is free and is available online via the following link: https://headsup.cdc.gov/

Before you are permitted to take the field for any game or practice, you must provide the Board of Directors with your completion certificate. Upon completion of your training, provide a copy of your certificate to the league Safety Officer. Additional information about the training can be found here: https://www.cdc.gov/headsup/youthsports/

The following Little League regulation applies to all divisions:

# Regulation III(d)(2) Note 3:

# NOTE 3:

If a medical professional, Umpire in Chief, the player's coach, the player's manager, or the player's parent has determined a player sustains a possible concussion, the player must be, at a minimum, removed from the game and/or practice for the remainder of that day. The league must also be aware of its respective state/provincial/municipal laws with regards to concussions and impose any additional requirements as necessary. His/her return to full participation is subject to 1.) the league's adherence to its respective state/provincial/municipal

laws, 2.) an evaluation and a written clearance from a physician or other accredited medical provider and 3.) written acknowledgment of the parents.

Little League International strongly encourages all leagues and teams to not only comply with any applicable state/provincial/municipal laws, but also, to review the information and training materials on concussions that are available free of charge on the Centers For Disease Control website, accessible at <a href="LittleLeague.org/concussions">LittleLeague.org/concussions</a>. This link also provides concussion information from all 50 states.

# Pennsylvania State Law

The Safety in Youth Sports Act was passed and signed into law in 2011 (P.L. 411, No. 101). This law requires that the Department of Health and the Department of Education develop guidelines and materials on concussions. Each year, a student

participating in an athletic activity must have a parent/guardian sign an acknowledgement of receipt of this information before the student may participate in the activity. The law requires that any student suspected of sustaining a concussion must be removed from participation at that time. The student is not allowed to resume participation until evaluated by a medical professional and given written clearance. The law also requires that coaches receive concussion training once each school year.

The sponsors of youth athletic activities not addressed by this act are encouraged to follow the guidance set forth in the act.

# HEADS UP CONCUSSION ACTION PLAN

IF YOU SUSPECT THAT AN ATHLETE HAS A CONCUSSION. YOU SHOULD TAKE TAKE THE FOLLOWING STEPS:

- i. Hence the differ from day
- Ensure that the attricts exclusion by observing care protestional experienced in exclusing for concern. Do not try to judge the series ress of the big ryyour add.
- 3 Informitie chitiele's parents or quardiers about the possible concussion and give them the fact street en concussion.
- 4 Keep the attlete out of play the day of the tripliny. An attlete should only return to play with particular from a halffur are professional, who is experienced in evaluating for concession.
- "IT'S BETTER TO MISS ONE GAME THAN THE WHOLE SEASON."

# CONCUSSION SIGNS AND SYMPTOMS

All teles who experience one or muse of the signs and symptoms listed below after a bump, blow or just to the header body may have a consustant

# SYMPTOMS REPORTED BY ATTALETE

- \* I lead a begin "presence" in Freid

# **Safety Inspection**

Regular safety inspections of the field, permanent and temporary structures, ball playing equipment, and personal protective equipment is the best way to determine which unsafe conditions require correction. The coaching staff and parents should

work together to ensure serious accident exposures are corrected promptly. It is a good experience and good safety training to have your players take part in this process.

The following list will assist you in identifying conditions that cause accidents. Prompt attention and action must be taken to correct all serious hazards. Look for:

- Unsafe field conditions such as holes, ditches, rough or uneven spots, slippery areas and long grass
- Foreign objects like stones, broken glass, old boards, bottles, rakes, etc. Incomplete or defective screen or fencing, including holes, and sharp or loose edges. Wire and link fencing should be checked regularly for defects to prevent injury to players. Forty feet in the center section of the outfield fence should be painted a dark color and kept free of signs to provide contrast with balls thrown toward home.
- The warning track, if provided, should be well defined and not less than 10 feet wide. The backstop should be padded and painted a dark color for the safety of the catcher. The dugout should be free and clear of all debris, with equipment stored properly and off the ground.
- Home plate, bases, and the pitcher's rubber should be checked for tripping and stumbling hazards
- Material used for marking the field should be non-irritating white pigment and not lime
  - Pay constant attention to the possible lack of, or poor fit of, personal protective equipment (e.g., helmets, mask, catchers gear, shoes). Plastic support cups and supporters are required for all catchers, and players.
- The league recommends that corrective glasses be of the sport safety type; sunglasses should be of a shatterproof non-mirrored type.
- Bats should be free of cracks or dents, and have secure grips. Damaged bats should be removed immediately.
- Safety should be the main factor in canceling a game or practice due to bad weather or darkness.
- The correct fitting and neat appearance of uniforms has the indirect benefit of contributing to pride, morale, and discipline, which stimulates our main safety objective of greater skill for fewer accidents.

The greatest (although least frequent) hazard in connection with the weather is exposure to lightning. Chances of surviving a lightning strike are so slight that

managers and umpires must not take any chances on continuing practice or games when an electrical storm is approaching. At the first indication of such a storm, everyone <u>MUST</u> leave the playing fields and dugouts and return to a car or inside a building.

# Safety Code / Tips

- All Adult Members of West End Little League (Managers, Coaches, Umpires, Team Parents) are responsible to ensure that all safety procedures are followed.
- Managers, coaches, and umpires should have some knowledge and training in basic first aid. You must have a first aid kit available during practices and games this is part of your equipment!
- No games or practices should be held when weather or field conditions are not safe, particularly when there is lighting.
- Play areas should be inspected and free of holes, damage, glass, debris, or other objects considered unsafe to playing conditions; use your best judgment for the safety of your players. Dugouts, bat racks, and helmet bags should be placed behind a fence or adequate screen.
- During practice and games, all players must remain alert and watch the batter. During warm up drills, players should be spaced so that no one is endangered by errant balls. Equipment should be inspected daily. All equipment must fit properly!
- Pitching machines, if used, must be in good working order (including extension cords) and must only be operated by adult coaching staff.
- Headfirst slides are not permitted, except when returning to a base, for ages 5-12 BB and SB.
- Break-away bases should be used on all fields.
- At no time should "horse play" be permitted on playing fields or in dugouts.
- No jewelry of any type is allowed in any division (exception: medical id alert).
- Helmets and catcher's masks should not be painted or have any stickers, tags, or markings, other than that of the manufacturer.
- Players who have been injured, ejected, or otherwise removed from the game shall remain under supervision until released to parent or guardian.

# First Aid Tips

Good Samaritan Laws: these laws were developed to encourage people to help others during an emergency situation. These laws require that you use common sense and a reasonable level of skill not to exceed the scope of your training in emergency situations...

These laws are to protect you when you help someone in a medical emergency. They give legal protection to those who provide emergency care to an injured person, providing you respond and act as a reasonable and prudent person.

# For Example:

- Move a victim only if the victim's life is in danger
- Ask a conscious victim for permission before providing any care Check the victim for life threatening emergencies before providing further care
- Summon professional help to the scene by calling 911
- Continue to provide care until more highly trained personnel arrive

# **Heat Disorders:**

Fluid Retention: Frequent fluid replacement before, during, and after exercise can help prevent the body from overheating. Be aware of the three (3) most common heat disorders by learning to recognize their symptoms.

Before: Drink 8 oz. immediately before exercise.

During: Drink at least 4 oz. every 20 minutes.

After: Drink 16 oz. for every pound of weight lost during activity.

Heat cramps: Sudden painful muscle contractions often caused by acute loss of body fluids and mineral depletion through sweating or the result of an acute blow Actions: Athlete's should massage and gently stretch muscles, replace fluids, rest

**Heat Exhaustion**: Weakness, dizziness, profuse sweating, and rapid pulse **Actions**: Rest athlete in shade with legs elevated. Replenish fluids, call for emergency medical help and transport

Heat Stroke: High body temperature red hot dry skin, also a rapid pulse, difficulty breathing collapse and convulsions.

Actions: This is a MEDICAL EMERGENCY AND MAY BE FATAL, seconds count! CALL 911 immediately for emergency response and medical care. Place athlete in

shade cool body if possible to lower body temperature while waiting for medical help

# Musculoskeletal Injuries:

Strains and Sprains: Muscle strains and sprains are common in athletics, symptoms usually include pain, limited motion, swelling, and possibly skin discoloration

**Actions**: Call 911 for emergency transport. While waiting, carefully compress ice to the injured area and elevate it above the level of heart (if possible) to reduce swelling.

**Dislocation and Fractures:** while not always evident the common symptoms are pain, deformed joint and loss of function

**Actions**: Call 911 for emergency transport. DO NOT attempt to move athlete. If bone is sticking through the skin, have patient lay down and do not move.

# MINOR TREATMENT OF INJURED PLAYERS

- A bleeding player should be removed from game as quickly as possible
- Bleeding must be stopped and the open wound covered.
- The uniform must be changed if any sign of blood is on it or visible before the player may return to game
- Routinely change gloves to prevent exposure when in contact with any blood or bodily fluid Immediately wash hands and other skin surfaces if contaminated with blood Follow acceptable guidelines to control bleeding and dispose of all materials that come in contact with the wound.

# PRESCRIPTION MEDICATION

Do not at any time administer any kind of prescription medication or over the counter medication. THIS IS THE PARENT/GUARDIAN RESPONSIBILITY only. This includes prescribed, over counter & inhalers ... No Exceptions...

#### ASTHMA AND ALLERGIES

- A child with asthma needs to be watched. If a child starts to have an asthma attack have them stop playing immediately and rest until breathing is normal.
- Allergy symptoms can manifest themselves to look like a cold; it can make

breathing difficult especially with someone who has asthma.

• Use common sense and listen to the child's breathing if he or she is struggling then it should be addressed accordingly

# UNRESPONSIVE CHILD AFTER A HIT TO THE CHEST

• Commotio Cordis - Commotio Cordis refers to the sudden arrhythmic death caused by a low/mild chest wall impact. Commotio Cordis is seen mostly in athletes between the ages of 8 and 18 who are partaking in sports with projectiles such as baseballs, hockey pucks, or lacrosse balls.

# Call 911 immediately

• Confirm that the athlete is not breathing.

The most important action is HIGH QUALITY CPR. Proper Chest compressions as well as early defibrillation with an AED give the athlete the best chance of survival.

Switch chest compressors often to avoid fatigue.

# IF EVER IN DOUBT CALL 911 IMMEDIATELY FOR EMERGENCY RESPONCE

# CHECKING AN INJURED OR ILL ADULT

# **APPEARS TO BE UNCONSCIOUS**

TIPs the disposable gloves and other personal protoctive equipment and obtain consent whenever gloing care.

#### AFTER CHECKING THE SCENE FOR SAFETY, CHECK THE PERSON:

# CHECK FOR RESPONSIVENESS

Tap the shoulder and shoul, "Are you OK?"

# **図 CALL 9-1-1**

If no response, CALL 9-1-1 or the local emergency number.

If an unconscious person is face-down, roll face-up, supporting the head, neck and back in a straight line.

If the person responds, obtain consent and CALL 9-1-1 or the local emergency number for any life-threatening conditions.

CHECK the person from head to toe and ask questions to find out what happened.

# OPEN THE AIRWAY

Tilt head, lift chin,

# CHECK FOR BREATHING

CHECK quickly for breathing for no more than to seconds.

Occusional gasps are not breathing.

# G QUICKLY SCAN FOR SEVERE BLEEDING

# WHAT TO DO NEXT

m Give CARE based on conditions lound

# CPR

# **NO BREATHING**

# AFTER CHECKING THE SCENE AND THE INJURED OR ILL PERSON:

# GIVE 30 CHEST COMPRESSIONS

Push hard, push fast in the middle of the chest at least 2 inches deep and at least 100 compressions per minute

TIP: Person musi be on time that surface.

# GIVE 2 RESCUE BREATHS

- Till the head back and lift the chin up.
- Pinch the nose shut then make a complete seal over the person's mouth.
- Blow in for about 1 second to make the chest clearly rise.
- Give rescue breaths, one after the other.

Note: If chest does not rise with rescue breaths, retill the head and give another rescue breath.

# OD NOT STOP

Continue cycles of CPR. Do not stop CPR except in one of these situations:

- You find an obvious sign of life, such as breathing.
- An AED is ready to use.
- Another trained responder or EMS personnel take over.
- You are too exhausted to continue.
- a The scene becomes unsafe.

# **Accident Reporting Procedures**

# What to report:

Any accident that causes any player, manager, coach, umpire or volunteer to receive medical treatment and or first aid must be reported to the Safety officer (and the player rep of the division for follow up) This includes even passive treatments such as evaluations and diagnosis of the extent of the injury.

# When to report:

All such incidents described must be reported within 24 hours.

# How to report:

Have the parent/adult complete the Accident Notification Form as soon as possible (at the site, if possible). Hand deliver or scan/email the Accident Notification Form to the Safety Officer and Player Rep.

Call or email the safety officer and player rep, and have the following information; • Name and phone number of the individual involved

- Parents or guardians name and number if injured is a minor
- Date, time and location of incident
- A detailed description of the incident
  - Name, phone number and relationship to the injured of the person reporting the injury

NO INJURED PLAYER CAN RETURN TO HIS/HER TEAM WITHOUT A RELEASE LETTER OR NOTE FROM THE DOCTOR WHO IS OR HAS TREATED THEM FOR REPORTED INJURY A COPY OF THIS RELEASE SHOULD BE GIVEN TO THE SAFETY OFFICER AND THE PLAYER REP IN A TIMELY MATTER

                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                      |

# **Communicable Disease Procedures**

While the risk of one athlete infecting another with HIV/AIDS during competition is close to non-existent, there is a remote risk that other blood borne infectious diseases can be transmitted. For example, Hepatitis B can be present in blood as

well as in other body fluids. Procedures for reducing the potential for transmission of these infectious agents should include, but not be limited to, the following:

- 1. The bleeding must be stopped, the open wound covered, and if there is an excessive amount of blood on the uniform, it must be changed before the athlete may participate.
- 2. Routine use of gloves or other precautions to prevent skin and mucous-membrane exposure when contact with blood or other body fluids is anticipated.
- 3. Immediately wash hands and other skin surfaces if contaminated (in contact) with blood or other body fluids. Wash hands immediately after removing gloves.
- 4. Clean all contaminated surfaces and equipment with an appropriate disinfectant before competition resumes.
- 5. Practice proper disposal procedures to prevent injuries caused by needles, scalpels, and other sharp instruments or devices.
- 6. Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, mouthpieces, resuscitation bags, or other ventilation devices should be available for use.
- 7. Athletic trainers/coaches with bleeding or oozing skin conditions should refrain from all direct athletic care until the condition resolves.
- 8. Contaminated towels should be properly disposed of/disinfected. 9. Follow acceptable guidelines in the immediate control of bleeding, and when handling bloody dressings, mouth guards, and other articles containing body fluids.

MOUTHGUARDS SHOULD NOT BE OPTIONAL EQUIPMENT

# **Child Protection Program and Volunteer Application Form**

# Tips, Drills, & Information for Coaches

# Some Advice...

Children should never be encouraged to "play through the pain". Pain is a warning sign of injury. Ignoring it can lead to a greater injury. Use common sense. If a pitcher says his arm is hurting take him/her off the mound

# **Pre-Season**

- Take possession of this safety manual and the first aid kit with your equipment provided by the West End Little League.
- Ask a parent to help out as your "unofficial safety officer", with this duty they must agree to attend and be present at all practices and games as well as have access to a cell phone for emergencies.
- Meet your parents pre-season and discuss WELL rules and expectations and our Safety policies.
- Review the parent code of conduct Cover rules, regulations and safety policies with your players
- Encourage players and parents to bring water bottles to practice and games
- Encourage the use of "safe" sunglasses, sunscreen, and mouth guards, remind catchers they must wear a protective cup, encourage your male players to wear supporters.

# **Season Play**

- Work closely with the Safety officer to make sure your equipment is in first rate working order, if any equipment is questionable contact your league Equipment Manager.
- Do not expect more from your players than what players are capable of.
- Be more open to ideas and suggestions or help.
- Enforce that prevention is the key to reducing accidents to a minimum
- Use common sense

# **Pre-Game & Practices**

- Make sure your players are healthy, rested, and alert.
- Make sure any returning, previously injured player has a medical release.

signed by their doctor. Otherwise, they cannot play. There is NO exception to this rule.

- Make sure the players are in full proper uniform and catchers are wearing a cup.
- Agree with opposing manager on the fitness of playing field. Have your team do proper stretching and warm up before you start any practice or game

# **During the Game**

- Make sure that the players carry gloves and other equipment off the field and go to the dugout when their team is at bat.
- No equipment should be left lying on field or in foul territory.
- Keep players alert.
- Maintain discipline.
- Be organized.
- Keep players and subs sitting on the bench or in the dugout, unless participating in the game or preparing to enter the game.
- No player should handle a bat at any time other than the "at bat" position.
- Keep players hydrated.
- Do not play children who are ill or injured.

# **Pitching**

- Per Regulation VI, the manager must remove the pitcher when said pitcher reaches the limit for his/her age group as noted below.
- If a pitcher is removed, the may remain in the game at a different position:

| Leag  | ue Age Total Pitches |
|-------|----------------------|
| 13-16 | 95 pitches per day   |
| 11-12 | 85 pitches per day   |
| 9-10  | 75 pitches per day   |
| 7-8   | 50 pitches per day   |

**Exception:** If a pitcher reaches the limit imposed in Regulation VI(c) for his/her league age while facing a batter, the pitcher may continue to pitch until any one of the following conditions occurs:

- 1. That batter reaches base;
- 2. That batter is put out;
- 3. The third out is made to complete the half-inning or the game.

# NOTE: A pitcher who delivers 41 or more pitches in a game cannot play the position of catcher for the remainder of that day. Post-Game

- Never leave the field until every team member has been picked up by a known family member or guardian.
- Notify parents if their child has been injured, no matter how small Clean the dugouts and spectator areas of trash, rake fields, and lock all gates/ sheds

# **Errant Balls**

The following will reduce the danger of being struck by a misdirected ball:

- All "unauthorized people" should remain off the field during drills. One of the best preventive measures is to stress that all players keep their eye on the ball at all times.
- Another danger from a misdirected ball is the exposure of inexperienced batters to wild pitchers. The use of a batting helmet is mandatory. However, it does not justify permitting a potential pitcher throwing to an inexperienced batter until control is demonstrated.
- The danger of being struck by an errant ball can be further minimized by the following plan: Throwing and catching drills should be set up with players in two lines facing each other.
- Random throwing should be permitted only to designated player

# **Safe Ball Handling**

Misjudging the flight of a batted ball may be corrected by drilling with fly's, which start easy and are made more difficult as a player's ability, judgment, and skill improves. Everyone should be able to handle balls that go overhead. In addition to a player never losing sight of a ball from the time it leaves the bat, a player should keep the glove positioned and the body relaxed and ready for a split-second move to field the ball. An infielder can best be protected by an

aggressive short hop fielding play by always keeping the nose pointed at the ball and eyes glued on it. Also, if moving forward, the player is in a better position to make a correct throw. It is safer for a player to knock down a ball and re-handle it than to let the ball determine the play.

# Collisions

Collisions result in more injuries than is the case with most other types of accidents. They are usually caused by errors of judgment or lack of team-work between fielders. It is important to establish zones of defense to avoid collisions between players. It is particularly important when players are chasing high fly balls. Once the zones are established, situation drills should be held until these zones and patterns become familiar to the players. The responsible player should call out the intentions in a loud voice to warn others away.

# Here are some general rules to follow:

- The fielder at third base should catch all balls which are reachable and are hit between third and catcher.
- The fielder at first base should catch all balls reachable which are hit between second and the catcher.
- The short stop should call all balls reachable which are hit between second and third.
- The fielder at second base should catch all balls reachable which are behind first base.
- The shortstop has the responsibility for fly balls hit in the center of the diamond and in the area of second base.
- Since the glove is on the left hand, it is easier for the shortstop than the fielder at second to catch fly balls over second.
- The center fielder has the right of way in the outfield and should catch all balls which are reachable, another player should take the ball if it is seen that it is not reachable by the centerfielder.
- Priorities are not easy to establish on ground balls but most managers expect their base player to field all ground balls they can reach cutting in front of the shortstop on slow hit grounders
- The catcher is expected to field all topped and bunted balls which can be reached except when there is a force play or squeeze play at home

# **Sliding Safety**

As in the case with other baseball fundamentals, a correct slide is also a safe one. It is important to guard against the accident of collision and the possibility of a player being struck by a thrown ball as that player "hits the dirt".

# The following can make the learning period safer:

- Long grass has been found to be better than a sand or sawdust pit to teach sliding.
- The base should never be anchored down.
- Sliding pads are recommended.
- The player should make approaches at half speed and keep constantly in mind that hand and feet should be in the air. Once committed to slide the player must follow through and not change the strategy. Last minute hesitation causes most sliding injuries.
- If the ground along the base lines becomes soft on a rainy day, such weather offers an excellent opportunity to have sliding drills.
- It should be kept in mind that headfirst sliding is not recommended or permitted in LL ages 13 and under.

# **Batter Safety**

A batter's greatest accident exposure is from unsafe acts of others; namely wild pitches, which account for a major portion of all accidents. This type of injury is more prevalent in regular than minor play.

- A well fitted LL approved helmet is required.
- The development of the novice batter's ability to take evasive action can be improved by getting the player to relax and concentrate on the ball from the time the pitcher starts delivery until it lands in the catcher's mitt. Players with slow reflexes can also be helped by simulated batting and ducking practice with a tennis ball.
- The unsportsmanlike practice of crowding the plate or jumping around to rattle the pitcher must not be tolerated. This could endanger the batter if it causes the pitcher to lose control.
- Making sure the batter holds the bat correctly while bunting can reduce painful finger and hand injuries. Youngsters tend to lean too far over the plate and not keep the ball well out toward the end of the bat.
- When the batter becomes a base runner, that player should be taught to run outside the foul lines when going from home plate to first and from third to home plate, to reduce the chance of being hit by a thrown ball.

A review of the batter's potential for causing injuries to others points up the following;

- The most easily prevented type of accident is the too frequent fault of beginners throwing the bat while running to first base instruct them to safely drop the bat.
- Having the player hand the bat to the coach will serve as a reminder before each ball is pitched.
- Having the player drop the bat in a marked circle off near where running starts will help in learning to drop the bat not throw it.
- Counting the player out in practice whenever the player fails to drop the bat correctly may serve as a reminder during game.
- Provide bats with grips that are non-slippery.

Coaches and umpires should be on the alert to correct batters that tend to step into the catcher when they swing.

# **Catcher Safety**

If the catcher is wearing the required protection, the greatest exposure is to the ungloved hand. The catcher must learn to:

- Keep their ungloved hand relaxed.
- Always have the back of the throwing hand towards the pitcher when in position to catch.
- Hold all fingers in a cupped position near the mitt, ready to trap the ball and throw it.
- The catcher should always be taught to throw the mask and catcher's helmet in the opposite direction of the approach he is going for a high fly. As the catcher learns to play this difficult position, a good habit is to keep a safe distance from the swinging bat. Estimate this as one (1) foot further from the batter than the ends of the outstretched fingers. The best protection is to keep the eye on the ball.

# **General Inattention**

Inattention due to inaction or boredom is an underlying accident waiting to happen.

This situation can be partly offset by using idle time to practice basics of skillful and safe play:

- Idle fingers should be encouraged to talk it up. Plenty of chatter encourages hustle and enthusiasm.
- Players waiting for a game or practice to start can pair off and play catch to improve their basic eye on the ball technique.
- Practice should include plenty of variety in the drill work.
- Put a time limit on each drill and do not hold the total practice for more than 2 hours (or less if interest begins to lag)
- Idle players along the sidelines can be given the job of studying the form of other players to improve their own techniques. They may then report on what they have learned to improve their own form on running, throwing, batting and sliding.

# **General Horseplay**

No discussion of measures to control the human element in accident prevention would be complete without going into the problem of horseplay. This includes any type of youthful rough-housing that could even remotely be the cause of an accident. Even a mild form of such childish behavior could distract any player about to catch a ball, or possibly when at bat, and result in an accident. After all, team play requires 100% cooperation among all players, and good sportsmanship demands courtesy to opposing players. If showoffs cannot find sufficient outlet for their high spirits in the game, then quick and impartial disciplinary action must be taken.

# Conditioning the Body for Safety

Commonly known as "warm up", this important phase of Little League training has a direct bearing on developing a safe personal conditioning, and has demonstrated the following:

- The stretching and contracting of muscles just before an athletic activity improves general control of movement coordination and alertness. Such drills also help develop the strength and stamina needed by the average youngster to compete with minimum accident exposure.
- The warm up skills that are most effective are those where the motions are

# Child Protection Program and Volunteer Application Form

1. What do we, as a league, have to do to comply so that we can be chartered for the next season?

Since 2003, the local league has been and is required to have all board members, managers, coaches, and other volunteers or hiredlworkers who provide regular service to the league or/and who have repetitive access to or contact with players or teams fil out the new volunt er application. Additionally, the league has been and is required to conduct a background check on each of these individuals. Little League Baseball will require each league to sign an agreement on the charter application that they will comply with Regulations I(b) and I(c) 8 & 9. The leagues are also required to sign a statement on the tournament enrollment form verifying that the process under the regulations has been completed and implemented. Failure to sign the agreement on the charter application will result in the league not being chartered and failure to fulfill the requirements of the regulations will result in the league's status being referred to the Charter/Tournament committee for action to revoke the league's charter and all privileges.

# 2. What type of background check is required by the new regulations?

Since 2003, Little League Baseball regulations have required each local league to check the Sexual Offender Registry (SOR) in the state where the applicant resides. Where the Sexual Offender Registry is not available, then these leagues must do a criminal background check. However, local leagues may elect to conduct a criminal background check, which exceeds the minimum requirement by the new regulations. For example, a background screening through the Federal Bureau of Investigation.

- 3. What type of offenses are we screening for when we conduct a background check?
  - Local leagues are conducting a search of the government statewide Sexual Offender Registry for anyone who has committed sexual offenses involving minors. An individual who has been convicted or plead guilty to charges involving or against a minor, no matter when the offense occurred, must not be permitted to work with children.
- 4. Who in the local league should be responsible to process the background check information?

  Little League Baseball recommends the board of directors appoint the local league president and two other individuals to handle the background checks. These individuals may be from the board or individuals outside the board. For instance, the board of directors may appoint individuals who have significant professional background in this area, such as law enforcement officers or individuals with a legal background.
- 5. What if an individual has previously had a background check?

Each league must conduct their own background check on the appropriate individuals annually.

6. If our volunteer base comes from multiple states, in what state do we do the background checks?

Many leagues are located close to the boundaries of other states; these leagues must conduct the background check where the individual resides. The league must attach a copy of a government-issued photo identification to the volunteer application. The residence on the government document will determine where the check must be conducted. An option is a check on Rapsheets.com through www.littleleague.org. Searches done through Rapsheets.com provide access to a nationwide database (exception CA, SD) and satisfy all Little League requirements for background checks. Each search costs \$1.50. For more detailed information, refer to the Little League web site.

# 7. What will result in termination of a volunteer under these regulations?

Any background check that reveals a conviction of any crime involving or against a minor must result in immediate termination from the league. Additionally, volunteers who refuse to submit a fully completed Little League Volunteer Application, along with a government issued photo ID, must be immediately terminated or eliminated from consideration for any position. This includes individuals with many years of service to your league.

# 8. What if offenses involving or against minors are pending prior to or after appointment to a position in the local league?

We suggest the individual not be appointed or should be suspended from his/her current position pending the outcome of the charges.

# 9. What if there are convictions or other offenses NOT involving or against minors?

A local league may prohibit any individual from participating as a volunteer or hired worker, if the local league board of directors deems the individual unfit to work with minors.

# 10. Who is to be made aware of the information found on the background check?

The local league president shall only share personal information contained in the volunteer application, background check or other information obtained through the screening process with other members of the board of directors in order to make personnel decisions. If the information obtained through the background check is public record and causes an individual to not be appointed or to be terminated, Little League Baseball recommends this information be shared with the parents/guardians of the children who have had contact with the individual previously.

# 11. Where should these records be maintained and for how long?

The local league president shall retain each volunteer application, background check information, and any other documents obtained on file for the current year of service of that individual. After the local league has completed operation for the current season, the league president shall dispose of the records unless the league has taken action or made a decision based upon the information contained in the records.

# 12. What is the timetable for completing the screening of each individual?

The local league must complete the annual screening process prior to the individual assuming his/her duties for the current season. This would include the individual submitting a completed volunteer application, along with a government issued photo ID, and the league completing an appropriate background check.

# 13. What resources are available through Little League Baseball to assist in this process?

Leagues can obtain the current volunteer application and background check information for each state through the Little League website at <a href="https://www.littleleague.org">www.littleleague.org</a>. The information on the Little League website contains links directly to state government resources on conducting background checks. Little Leagues are also encouraged to use whatever local resources are available in their communities.

# 14. What will it cost my league to implement this initiative?

Forty-five states provide a free online background check for sex offenders who have committed violent sex crimes or sex crimes involving children. Bight additional states provide free background checks through an offline process administered by the state. The remaining seven states have a fee requirement that ranges from \$2 to \$20. For more detailed information on costs, visit the Little League website at <a href="https://www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www.littleleague.com/www

#### 15. Where can I fin funding a sistance to may for the background checks if necessary?

In the states where a fee is required, Little League suggests that the individual pay for their background check as a condition of service. The league may elect to seek other funding sources from local businesses, sponsors, civic organizations and service clubs.

# 16. When should local leagues begin the implementation process of this intiative?

Immediately, so volunteer applications and background checks are completed prior to individuals assuming their duties for the current season.

# 17. Does this initiative also apply to those individuals that assist the manager and coaches at practices or games?

Yes. Any individual who provides regular service to the league or/and who has repetitive access to or contact with players or teams must fill out the Volunteer Application, provide a copy of a government issued photo ID, and go through the background check process.

# Little League® Volunteer Application – 2023

Do not use forms from past years. Use extra paper to complete if additional space is required.

| This volunteer application should only be used if a league is manually entering information into JDP or an outside background check provider that meets the standards of Little League Regulations 1(c)9.  THIS FORM SHOULD NOT BE COMPLETED IF A LEAGUE IS UTILIZING THE JDP QUICKAPP. Only attach to this application copies of background check reports that reveal convictions of this application.

patterned after natural baseball / softball movements, such as reaching for a ball, running, and similar footwork. This is a good place also to drive home the basic safeguard of keeping the eye on the ball.

# **Suggested Warm Up Drills**

# Conclusion

Read your rule book! Know your game prior to starting your season. If you need advice or help in training your Players, please ask! Little League has many resources available to help make your coaching experience a good one.

Report all information, as required, and in a timely manner, to the appropriate person/people.

Attend league meetings so that you and your team stay well informed.

Remember your codes of conduct. We are not here for our own personal gain in any way. We are only here for the children of this league.

A Quote to Live by:

"Fifty years from now, it won't matter who struck out, who dropped the fly ball, who hit the home run, or how many wins and losses your Little League team had. But the world could be different if you were important in a child's life, yours or someone else's."

AL & AL (Al Herback & Al Price)
